## Course Structure

The Diploma of Remedial Massage HLT50307 offers a range of advanced skills in remedial massage, whilst allowing the student to develop a holistic understanding of western and oriental techniques.

Correct body use and self-care is emphasised, when studying and practicing remedial techniques of postural misalignment, rehabilitation, mobilisation, sports and corporate massage.

Units of competency are embedded in a variety of delivery formats, including direct hands-on training, supervised student clinics, workshops, unit workbooks, community events and open days.

Students develop the client-centred communication skills and professional practices needed to recommend lifestyle adjustments, which effect long term changes in their clients' health and wellbeing.

All elements of the training are grounded in the meaningful framework of clinical practices that enable graduates to conduct a sustainable, successful and rewarding practice.

Career opportunities are increased with the skills to work in elite sports and medical aftercare and full recognition is given to graduates by Health Funds, as well as the major industry associations.

EastWest College also offers upgrades to the 2007 Training Qualifications and workplace assessments to Practitioners.
